Ransom Township Subdivision/Land Development Application, Page 2

Plan Type:

Minor Subdivision (including lot joiners & lot-line adjustments)/Final Plan
 Major Subdivision: Preliminary Final
 Land Development Preliminary Final

- Minor Subdivision is defined as: Five (5) lots or less along an existing public or private road.
- Major Subdivision is defined as: More than five (5) lots or any plan requiring new road construction.
- Land Development is defined as: the construction of two or more residential buildings, whether proposed initially or cumulatively, or a single non-residential building on an existing or proposed lot of record; OR, the division or allocation of land or space, whether proposed initially or cumulatively, between or among two or more existing or prospective occupants by means of, or for the purpose of streets, common areas, leaseholds, condominiums, or building groups.

Will the plan require any modifications or waivers from the Township Subdivision and Land Development Ordinance? Yes No

If Yes, please site specific section(s) and briefly explain reasons for approval of waiver:

Will the proposed development require any variances, special exception or conditional use approvals pursuant to the Township Zoning Ordinance? Yes No

If Yes, please site specific requirements:
